Brewing craft and artisanal beer has become a labor of love for enthusiasts and epicures the world over, with new people joining the ranks every year. The Brewer's Apprentice is a behind-the-scenes guide to all aspects of this classic art.

However, instead of simply sharing brewing recipes, tasting guides, or buying recommendations as many other books do, our book gives readers unique insights into craft brewing culture, and let the "masters" speak in their own words. In a series of in-depth profiles, the legends, innovators, rising stars of the beer world share their deep reserves of brew knowledge, insider tips, recipes, and more. Inside you'll learn:-Sourcing the best ingredients, brewing "locally" and seasonally-Farm-to-table brewing: hops, barley, wheat, and more-Setting up your homebrewing workshop-Brewing chemistry: how does it all work?-Nontraditional ingredients, extreme brews, and novelty drinks-Meads, lambics, ciders, and other nectars of the gods-Barrel-aging beers

America's most populous region is also home to some of the nation's most serenely beautiful country. Tracing a gentle, thousand-mile curve from New York City southwestward to Montgomery, Alabama, the Piedmont connects an arc of urban centers which includes five state capitals, America's largest city, and the national capital. Between the Atlantic coastal plain and the Blue Ridge Mountains, the

Piedmont's rolling hills span miles of farmland and forest. Michael Godfrey's Field Guide to the Piedmont--originally published by Sierra Club Books and here newly revised and updated--is an informative and entertaining guide to the entire region's habitats, ecosystems, and rich botanical communities. Focusing on plant succession, geology, soils, climate, and the plants and animals with which we share the land, Field Guide to the Piedmont also features 180 illustrations for easy identification of the Piedmont's principal flora and fauna. A chapter describing and providing directions to over fifty sites of special interest will inspire Piedmont residents to take this field guide in hand and explore their natural surroundings.
