A subtle and powerful work of contemporary fiction. Combe Island off the Cornish coast has a bloodstained history of piracy and cruelty but now, privately owned, it offers respite to over-stressed men and women in positions of high authority who require privacy and guaranteed security. But the peace of Combe is violated when one of the distinguished visitors is bizarrely murdered. Commander Adam Dalglish is called in to solve the mystery quickly and discreetly, but at a difficult time for him and his depleted team. Dalglish is uncertain about his future with Emma Lavenham, the woman he loves; Detective Inspector Kate Miskin has her own emotional problems; and the ambitious Sergeant Francis Benton-Smith is worried about working under Kate. Hardly has the team begun to unravel the complicated motives of the suspects than there is a second brutal killing, and the whole investigation is jeopardized when Dalglish is faced with a danger more insidious and as potentially fatal as murder. This eagerly awaited successor to the international bestseller *The Murder Room* displays all the qualities that lovers of P. D. James's novels the world over have come to expect: sensitive characterization, an exciting and superbly structured plot and vivid evocation of place. From the Hardcover edition.

Gary Witheford is one of the UK's leading horse whisperers' and the man who famously broke a zebra to prove that all flight animals react in a similar way to

human handling. If Horses Could Talk, –which will be co-written by awardwinning journalist / broadcaster and author, Brough Scott, will tell Gary's story through the prism of the horses and animals that have most affected his life. The book centres around the animals with inspiring and uplifting stories that will amuse and fascinate, interwoven with Gary's remarkable, and in parts, shocking life story. Gary says: My life has been inspired as well as saved by horses and I hope that telling my story can inspire others too.” Brough Scott goes on to add: Communication comes in many forms. –That which Gary Witheford has with horses is among the most remarkable I have seen in any language. –Anyone who has ever had anything to do with a horse will be mesmerised by Gary's story.”

Horses is an A-Z companion to perhaps the most loved of all domesticated animals. The book's entries include a wealth of unexpected, fascinating and serendipitous information, from horse-slang phrases to horses in British pub signs, and from the horse in advertising to the horse as a food item. Themes such as the horse in warfare and the horse in folklore abound. These features add up to a richly satisfying accumulation of information about the horse's role in human culture and society over two millennia. Horses will not only be a helpful reference source and congenial bedside book for those who work with or enjoy horses, but also a satisfying and browsable companion for the inquisitive general reader.

Avenging Muse is the biography of Naomi Royde-Smith, a powerful early twentieth-

century British literary editor who discovered and published the first works of such writers as Rupert Brooke, Rose Macaulay, and Graham Greene. Beginning at age 50, she became in her own right a prolific author of more than thirty novels in addition to plays, biographies, and cultural critiques posing as travelogues. She writes about fin de siècle Geneva, about London and working women between the wars, about journalism and theater, about artists and their promoters, about banal culture, about social class in disarray, about a world that lacks spiritual center. Bravely Royde-Smith also writes about the lives of women loving women, men loving men, and tales about ordinary men and women in love--or not. The historical environment surrounding her writing, as well as those about whom she wrote, was morally and legally hostile to exploration of sexualities. Her fictions, witty and empathetic, emerge from her own experiences. Royde-Smith enjoyed her work as a professional muse--literary editor in London of the prestigious Saturday Westminster Gazette and then the Queen; however, she did not enjoy being cast by writers, such as Walter de la Mare and Henry Spiess, as their personal muse. Indeed, in certain of her novels, she retaliated against men who trespass, attacking their self-absorbed use of women in the name of art. Her personal story corresponds with an increasing historical realization of women's rights, a realization that undermines romantic and neoromantic reverence for conventional muses. Her writings anticipate current literary and feminist theories of performative gender.

A History of the University of Manchester, 1973-90

Patrice des Moutis was a handsome, charming and well educated Frenchman with an aristocratic family, a respectable insurance business, and a warm welcome in the smartest Parisian salons. He was also a compulsive gambler and illegal bookie. Between the late 1950s and the early 1970s, des Moutis made a daring attempt to beat the French state-run betting system. With a genius for mathematics and a deep love and understanding of the horse-racing world – not to mention excellent relationships with all the top trainers and jockeys – he applied himself to his task with vigour and meticulous research. A series of spectacular coups netted him (and his friends, with whom he generously shared his predictions) the equivalent of millions of pounds, and soon saw him nicknamed Monsieur X and hailed as a hero by a public desperate to see someone get one over on the state. Des Moutis' success so alarmed the authorities that they repeatedly changed the rules of betting in an effort to stop him. And so a battle of wills began, all played out on the front pages of the daily newspapers as the general public willed des Moutis on to ever greater successes. He remained one step ahead of the authorities until finally the government criminalised his activities, driving him into the arms of the underworld. Eventually the net began to close, high-profile characters found themselves the target of the state's investigation, and people began turning up dead. This long-running cat and mouse game – with the law on one side and des Moutis and the gangsters on the other – is a dazzling tale of glamour, riches,

violence and ultimately tragedy.

The Great Lord Burghley

This is the story of how a working class boy born into a family of 13 children in pre-World War I Birmingham grew up to revolutionize the world of betting and bookmaking. William Hill beat the odds by starting out as a teenage one-man band, making the rounds of Birmingham's factories, pubs, and clubs on his secondhand motorbike taking penny, tuppence, and tanner bets. He went on to launch a fixed odds soccer betting business which took a total of £6 18/6d in its first week, but grew to a multi-million pound turnover before being almost taxed into extinction. However, today, William Hill, whose first London office was opened in 1934, and staffed by just William and one clerk, is a truly global bookmaker, with offices in nine countries; operating across 19 time zones, it is a FTSE 100 company, has over 2,500 betting shops and employs nearly 20,000 people.

close member of the royal circle and lady-in-waiting to Princess Margaret. As seen on Netflix's *The Crown*. Anne Glenconner has been at the center of the royal circle from childhood, when she met and befriended the future Queen Elizabeth II and her sister, the Princess Margaret. Though the firstborn child of the 5th Earl of Leicester, who controlled one of the largest estates in England, as a daughter she was deemed "the greatest disappointment" and unable to inherit. Since then she has needed all her resilience to survive court life with her sense of humor intact. A unique witness to landmark moments in royal history, Maid of Honor at Queen Elizabeth's coronation, and a lady in waiting to Princess Margaret until her death in 2002, Anne's life has encompassed extraordinary drama and tragedy. In *Lady in Waiting*, she will share many intimate royal stories from her time as Princess Margaret's closest confidante as well as her own battle for survival: her broken-off first engagement on the basis of her "mad blood"; her 54-year marriage to the volatile, unfaithful Colin Tennant, Lord Glenconner, who left his fortune to a former servant; the death in adulthood of two of her sons; a third son she nursed back from a six-month coma following a horrific motorcycle accident. Through it all, Anne has carried on, traveling the world with the royal family, including visiting the White House, and developing the Caribbean island of Mustique as a safe harbor for the rich and famous—hosting Mick Jagger, David Bowie, Raquel Welch, and many other politicians, aristocrats, and celebrities. With unprecedented insight into the royal family, *Lady in Waiting* is a witty, candid, dramatic, at times heart-breaking personal story capturing life in a golden cage for a woman with no inheritance.

William Hill

Graham Sharpe's life has been played out to a background of personally significant vinyl-related events, and his own large and ever-growing collection of LPs not only reflects his musical addiction, but also represents an intensely direct link to many of his key experiences. In this unique book he considers all the elements of record collecting which he loves - and one or two he doesn't - as he continues his long-term project to visit every surviving second hand record shop in his own and other countries, and reports on the many characters he has encountered, and the adventures he has accrued along the way.

Our perception of Victoria the Queen is coloured by portraits of her older, widowed self - her dour expression embodying the repressive morality propagated in her time. But *Becoming Queen* reveals an energetic and vibrant woman, determined to

battle for power. It also documents the Byzantine machinations behind Victoria's quest to occupy the throne, and shows how her struggles did not end when finally the crown was placed on her head. Laying bare the passions that swirled around the throne in the eighteenth century, *Becoming Queen* is an absorbingly dramatic tale of secrets, sexual repression and endless conflict. After her lauded biography of Emma Hamilton, England's Mistress, Kate Williams has produced a most original and intimate portrait of Great Britain's longest reigning monarch.

Becoming Queen

Everyone has heard of Screaming Lord Sutch. In the sixties he was one of

theaters of British rock and roll, with a wild pyrotechnic stage act yearshead of people like Alice Cooper. By the eighties he was regularly upstaging grime ministers at general elections in his Monster Raving Loony Party garb leopardskin coat and top hat. And always he was the Great British eccentric available for chat shows and publicity stunts. Most recently, his trademark number, 'Jack the Ripper', has been covered by the hippest band of all, the White Stripes. But in 1999 Sutch died by his own hand, approaching sixty lonely and depressed, still grinding the motorways to crummy gigs, his private life in confusion. Graham Sharpe knew him for nearly thirty years, and this first biography is an affecting, sometimes shocking portrait of an enigmatic Zelig-figure who cropped up in everyone's life and eventually found his own stalled in an endless Groundhog Day of superficiality.

The Ultimate Dream

Framed uses fin de siècle British crime narrative to pose a highly interesting question: why do female criminal characters tend to be alluring and appealing while fictional male criminals of the era are unsympathetic or even grotesque? In this elegantly argued study, Elizabeth Carolyn Miller addresses this question, examining popular literary and cinematic culture from roughly 1880 to 1914 to shed light on an otherwise overlooked social and cultural type: the conspicuously glamorous New Woman criminal. In so doing, she breaks with the many Foucauldian studies of crime to emphasize the genuinely subversive aspects of

these popular female figures. Drawing on a rich body of archival material, Miller argues that the New Woman Criminal exploited iconic elements of late nineteenth- and early twentieth-century commodity culture, including cosmetics and clothing, to fashion an illicit identity that enabled her to subvert legal authority in both the public and the private spheres. "This is a truly extraordinary argument, one that will forever alter our view of turn-of-the-century literary culture, and Miller has demonstrated it with an enrapturing series of readings of fictional and filmic criminal figures. In the process, she has filled a gap between feminist studies of the New Woman of the 1890s and more gender-neutral studies of early twentieth-century literary and social change. Her book offers an extraordinarily important new way to think about the changing shape of political culture at the turn of the century." ---John Kucich, Professor of English, Rutgers University "Given the intellectual adventurousness of these chapters, the rich material that the author has brought to bear, and its combination of archival depth and disciplinary range, any reader of this remarkable book will be amply rewarded." ---Jonathan Freedman, Professor of English and American Culture, University of Michigan Elizabeth Carolyn Miller is Assistant Professor of English at the University of California, Davis. digitalculturebooks is an imprint of the University of Michigan and the Scholarly Publishing Office of the University of Michigan Library dedicated to publishing innovative and accessible work exploring new media and their impact on society, culture, and scholarly communication. Jones, Barry Owen (1932-). Australian politician, writer and lawyer, born in Geelong. Educated at Melbourne University, he was a public servant, high school teacher, television and radio performer, university lecturer and lawyer before serving as a Labor MP in the Victorian Parliament 1972-77 and the Australian House of Representatives 1977-98. He took a leading role in reviving the Australian film industry, abolishing the death penalty in Australia, and was the first politician to raise public awareness of global warming, the 'post-industrial' society, the IT revolution, biotechnology, the rise of 'the Third Age' and the need to preserve Antarctica as a wilderness. In the Hawke Government, he was Minister for Science 1983-90, Prices and Consumer Affairs 1987, Small Business 1987-90 and Customs 1988-90. He became a member of the Executive Board of UNESCO, Paris 1991-95 and National President of the Australian Labor Party 1992-2000, 2005-06. He was Deputy Chairman of the Constitutional Convention 1998. His books include

Decades of Decision 1860- (1965), Joseph II (1968), Age of Apocalypse (1975), and he edited The Penalty is Death (1968). Sleepers, Wake!: Technology and the Future of Work was published by Oxford University Press in 1982, became a bestseller and has been translated into Chinese, Japanese, Korean, Swedish and braille. The fourth edition was published in 1995. Knowledge Courage Leadership, a collection of speeches and essays, appeared in 2016. He received a DSc for his services to science in 1988 and a DLitt in 1993 for his work on information theory. Elected FTSE (1992), FAHA (1993), FAA (1996) and FASSA (2003), he is the only person to have become a Fellow of four of Australia's five learned Academies. Awarded an AO in 1993, named as one of Australia's 100 'living national treasures' in 1997, he was elected a Visiting Fellow Commoner of Trinity College, Cambridge in 1999. His autobiography, A Thinking Reed, was published in 2006 and The Shock of Recognition, about music and literature, in 2016. In 2014 he received an AC for services 'as a leading intellectual in Australian public life'.

Lady in Waiting

The formative years of the 1950s are explored in this fourth installment of Evro's decade-by-decade series covering all Formula 1 cars and teams. When the World Championship was first held in 1950, red Italian cars predominated, from Alfa

Romeo, Ferrari and Maserati, and continued to do so for much of the period. But by the time the decade closed, green British cars were in their ascendancy, first Vanwall and then rear-engined Cooper playing the starring roles, and BRM and Lotus having walk-on parts. As for drivers, one stood out above the others, Argentine Juan Manuel Fangio, becoming World Champion five times. Much of the fascination of this era also lies in its numerous privateers and also-rans, all of which receive their due coverage in this complete work. Year-by-year treatment covers each season in fascinating depth, running through the teams -- and their various cars -- in order of importance. Alfa Romeo's supercharged 1½-litre cars dominated the first two years, with titles won by Giuseppe Farina (1950) and Fangio (1951). The new marque of Ferrari steamrollered the opposition in two seasons run to Formula 2 rules (1952-53), Alberto Ascari becoming champion both times, and the same manufacturer took two more crowns with Fangio (1956) and Mike Hawthorn (1958). Maserati's fabulous 250F, the decade's most significant racing car, propelled Fangio to two more of his five championships (1954 and 1957). German manufacturer Mercedes-Benz stepped briefly into Formula 1 (1954-55) and won almost everything with Fangio and up-and-coming Stirling Moss. Green finally beat red when the Vanwalls, driven by Moss and Tony Brooks, won the inaugural constructors' title (1958). Then along came Cooper, rear-engine pioneers, to signpost Formula 1's future when Jack Brabham became World Champion (1959).

Frank and entertaining account of the University of Manchester's struggle to meet the Government's demands for the rapid expansion of higher education in the 1950s and the 1960s. Looks at the University's ambitious building program: the controversial attempts to reform its constitution and improve its communications amid demands for greater democracy in the workplace, the struggle to retain its old pre-eminence in a competitive world where new 'green field' universities were rivalling older civic institutions. Tells the story, not just from the point of view of administrators and academics, but also from those of students and support staff (such as secretaries, technicians and engineers). Uses, not only official records, but also student newspapers, political pamphlets, and reminiscences collected through interviews conducted by an experienced oral historian. The only book on the

The English Novel

"I hold this book to be the most important expression which the present age has found; it is a book to which we are all indebted, and from which none of us can escape." T.S. Eliot Ulysses depicts a day in Leopold Bloom's life, broken into episodes analogous to Homer's Odyssey and related in rich, varied styles. Joyce's novel is celebrated for its depth of learning, earthy humor, literary allusions and piercing insight into the human heart. First published in Paris in 1922 Ulysses was not published in the United States until 1934. Immediately recognized as an extraordinary work that both echoed the history of English literature and took it in new, unheralded directions, Joyce's book was controversial. Its widespread release was initially slowed by censors nitpicking a few passages. The novel is challenging, in that it is an uncommon reader who will perceive all that Joyce has put into his pages upon first reading, but it is uniquely rewarding for anyone willing to follow where the author leads. Far more than a learned exercise in literary skill, Ulysses displays a sense of humor that ranges from delicate to roguish as well as

sequences of striking beauty and emotion. Chief among the latter must be the novel's climactic stream of consciousness step into the mind of the protagonist's wife, Molly Bloom, whose open-hearted acceptance of life and love is among the most memorable and moving passages in English literature. With an eye-catching new cover, and professionally typeset manuscript, this edition of Ulysses is both modern and readable.

If Horses Could Talk

The Jumping Game

The sudden death of Gordon W. Richards in late September 1998 brought a premature end to a legendary training career which had seen him rise from obscurity to national fame as master of his profession. Consigned to racing's scrapheap with a broken back at the age of 29, he scraped a living as a livery stable proprietor and horse-dealer in a remote part of Northumberland until, five years later, he `discovered' Playlord and a new dawn broke. Rugged, demanding, often outspoken, sometimes ruthless but never lacking in humour, Gordon made relentless progress through the training ranks. `The Boss', as he was widely known, liked to run his stable his own way. Horses, not humans, headed the pecking order,

as many famous riders and owners discovered to their cost. Few escaped unscathed, but in over 30 years he employed only six stable jockeys, and two of these, Ron Barry and Jonjo O'Neill, gained championship honours. The Boss charts the successes of the man who twice saddled more than a hundred winners in a single season and who scooped the pool in the Aintree Grand National on two occasions. This enthralling biography, written with full co-operation of Richards himself, provides a compelling insight into the forces that drove him to become one of the most respected trainers in the world.
