Dragon Rampant

Trigger Happy

I never saw any regiment in such order, said Wellington before the Battle of Waterloo, it was the most complete and handsome military body I ever looked at. The object of the Duke's admiration was the 23rd Regiment of Foot the famous Royal Welch Fusiliers and this is their story during the tumultuous and bloody period of the wars with France between 1793 and 1815. Based on rare personal memoirs and correspondence and new research, this compelling book offers fresh insight into the evolution of the British Army. Scorned by even its own countrymen in 1793, it was transformed within a generation into a professional force that triumphed over the greatest general and army of the time. The men of the Royal Welch Fusiliers come alive as Graves tracks them across three continents, joining them in major battles and minor skirmishes, surviving shipwrecks and disease. We come to know such fighting men as the intrepid Drummer Richard Bentinck, the eccentric Major Jack Hill, and their beloved commander, Lt-Col. Harvey Ellis, who led his Fusiliers in some of the most famous actions only to fall at the greatest of them all Waterloo. This is a book that will appeal to all those interested in the Napoleonic wars, contemporary tactics and the meaning and the cost of courage.

Walk the line between magic and madness in Erin M. Evan's passionate story about the dragons of the City of Splendors Tennora would give anything to be a wizard. And Clytemorrenestrix, a strange woman with uncanny blue eyes, whose name means "She Will Thunder in the Sky," and who claims to be a dragon, promises to make her just that—in return for aid in returning her to her true form. But soon after Tennora seals the deal, a bounty hunter presses a note into her hands claiming the dragon woman is actually a human—a violent, criminally insane human who murders those who fail her. The God Catcher is gripping tale of identity, intrigue, and obsession set in the classic City of Splendors and presented by Forgotten Realms® campaign setting creator and celebrated author Ed Greenwood. You don't want to miss out on this exciting glimpse into what the latest edition of the Realms has to offer.

NEW YORK TIMES BESTSELLER DEALING WITH CHINA takes the reader behind closed doors to witness the creation and evolution and future of China's state-controlled capitalism. Hank Paulson has dealt with China unlike any other foreigner. As head of Goldman Sachs, Paulson had a pivotal role in opening up China to private enterprise. Then, as Treasury secretary, he created the Strategic Economic Dialogue with what is now the world's second-largest economy. He negotiated with China on needed economic reforms, while safeguarding the teetering U.S. financial system. Over his career, Paulson has worked with scores of top Chinese leaders, including Xi Jinping, China's most powerful man in decades. In DEALING WITH CHINA, Paulson draws on his unprecedented access to modern China's political and business elite, including its three most recent heads of state, to answer several key questions: How did China become an economic superpower so quickly? How does business really get done there? What are the best ways for Western business and political leaders to work with, compete with, and benefit from China? How can the U.S. negotiate with and influence China given its authoritarian rule, its massive environmental concerns, and its huge population's unrelenting demands for economic growth and security? Written in the same anecdote-rich, page-turning style as

Paulson's bestselling memoir, *On the Brink*, DEALING WITH CHINA is certain to become the classic and definitive examination of how to engage China's leaders as they build their economic superpower.

In this third book of the Sundering series kicked off by R.A. Salvatore and the dark elf Drizzt, SCRIBE award-winning author Erin M. Evans thrusts her signature character Farideh into a maelstrom of devilish politics and magical intrigue that will have far-reaching implications for the future of the Forgotten Realms. As the chaos of the Sundering rages around her, young warlock Farideh faces a more personal turmoil wrought by a deal she made with a devil years ago. Hoping to protect her twin sister, she leaves everything she holds dear to assist a wizard in a scheme that pits the devils of the Nine Hells against the gods above. But when Farideh casts the spell to enter the wizard's remote mountaintop fortress, she picks up a stowaway—a Harper agent named Dahl who isn't so inclined to follow devilish demands. Dahl attempts to escape only to run into a village of odd people, lurking behind an impenetrable wall. Forced to gaze into the villagers' souls, Farideh points out the ones who seem different, only to watch as the wizard's guard carts them off to fates unknown. Are these villagers or prisoners? Are they blessed or

doomed by the gods? As the wizard's guessing game proves more and more diabolical, Farideh resolves to unravel his secrets—even if it means she'll lose her own soul to the Nine Hells. From the Hardcover edition.

Fahrenheit 451

The Edge calls Trigger Happy a "seminal piece of work." For the first time ever, an aficionado with a knowledge of art, culture, and a real love of gaming takes a critical look at the future of our videogames, and compares their aesthetic and economic impact on society to that of film. Thirty years after the invention of the simplest of games, more videogames are played by adults than children. This revolutionary book is the first-ever academically worthy and deeply engaging critique of one of today's most popular forms of play: videogames are on track to supersede movies as the most innovative form of entertainment in the new century.

In Hiccup the Viking's misadventures, the stakes have never been higher, and it's friend versus foe to decide the fate of the world. In this, the penultimate title in the amazing story arc that began with How to Train Your Dragon, Hiccup is faced with a personal dilemma against the backdrop of an impending battle and the possible destruction of everything he knows.

Young Samurai

The first book in the classic vigilante action series from a “writer who spawned a genre” (The New York Times). Overseas, Mack Bolan was dubbed “Sgt. Mercy” for the compassion he showed the innocent. On the home front, they’re calling him the Executioner for what he’s doing to the guilty. In the jungles of Southeast Asia, American sniper Mack

Bolan honed his skills. After twelve years, with ninety-five confirmed hits, he returns home to Massachusetts. But it's not to reunite with his family, it's to bury them—victims in a mass murder/suicide. Even though Bolan's own father pulled the trigger, he knows the old man was no killer. He was driven to madness by Mafia thugs who have turned his idyllic hometown into a new kind of war zone. Duty calls . . . Introducing an action hero "who would make Jack Reacher think twice," this is the first book in the iconic series of vigilante justice that has become a publishing phenomenon (Empireonline.com). With more than two hundred million Executioner books sold since its debut, the series continues to stimulate. Gerry Conway, cocreator of Marvel Comics' The Punisher, credits the Executioner as "my inspiration . . . that's what gave me the idea for the lone, slightly psychotic avenger." The series is also now in development as a major motion picture. War Against the Mafia is the 1st book in the Executioner series, but you may enjoy reading the series in any order.
