Más allá de los niños índigo

The Cambridge History of Latina/o American Literature emphasizes the importance of understanding Latina/o literature not simply as a US ethnic phenomenon but more broadly as an important element of a trans-American literary imagination. Engaging with the dynamics of migration, linguistic and cultural translation, and the uneven distribution of resources across the Americas that characterize Latina/o literature, the essays in this History provide a critical overview of key texts, authors, themes, and contexts as discussed by leading scholars in the field. This book demonstrates the relevance of Latina/o literature for a world defined by the migration of people, commodities, and cultural expressions.

The Storyteller

This lavishly illustrated, bilingual art book presents drawings by Ramón Casas in the Charles Deering McCormick Library of Special Collections at the Northwestern University Library and oil paintings by Casas from private collections and the Art Institute of Chicago. Charles Deering and Ramón Casas follows the development and dramatic dissolution of a three-way friendship that connected the Spanish painter Ramón Casas (1866–1932); the Chicago industrialist Charles Deering (1852–1927), who was a collector and admirer of Casas's work as well as a patron of Northwestern University; and the Spanish artist Miguel Utrillo (1862–1934), Casas's lifelong friend and the father of the French painter Maurice Utrillo. Casas introduced Deering to Sitges, a beach town near Barcelona, Spain, where the latter created a palatial estate with a museum to house his art collection. Miguel Utrillo served as director of the museum. The text explores the treasures housed at

Maricel and what happened among the three men that led Casas to abandon Utrillo and Deering to depart Spain, taking his art collection with him.

Santiago Ramón y Cajal (1852-1934) made prolific and lasting contributions to understanding "the life of the infinitely small." Santiago Ramón y Cajal (1852-1934) made prolific and lasting contributions to understanding "the life of the infinitely small." Widely thought of as the founder of neuroscience, Cajal made remarkable explorations into the organization and function of the nervous system. His work is still referred to more than that of any other scientist in the field. W. Maxwell Cowan's foreword to this edition conveys the excitement and energy of Cajal's life and endeavors, the liveliness and flamboyance of his engagements with the microscope. Cowan surveys Cajal's salient discoveries, noting that almost every important conceptual issue in neurobiology was foreshadowed in Cajal's work: the initial description of the climbing fibers of the cerebellum, the discovery of the growth cone, the concept of the "dynamic polarity" of the neuron, an anticipation of the later discovery of axonal transport, and the prediction that new synapses may be formed throughout life to serve as a physical basis for learning and memory. W. Maxwell Cowen is Vice President and Chief Scientific Officer at the Howard Hughes Medical Institute.

When one defines "order" as a sorting of priorities, it becomes beautifully clear as to what Foucault is doing here. With virtuoso showmanship, he weaves an intensely complex history of thought. He dips into literature, art, economics and even biology in *The Order of Things*, possibly one of the most significant, yet most overlooked, works of the twentieth century. Eclipsed by his later work on power and discourse, nonetheless it was *The Order of Things* that established Foucault's reputation as an intellectual giant. Pirouetting around the outer edge of language, Foucault unsettles the surface of literary writing. In describing the limitations of our usual taxonomies, he opens the door onto a whole new system of thought, one ripe with what he calls "exotic charm". Intellectual pyrotechnics from the master of critical thinking, this book is crucial reading for those who wish to gain insight into that odd beast called Postmodernism, and a must for any fan of Foucault.

The Last Chance Christmas Ball

In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. His name was Christopher Johnson McCandless. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How McCandless came to die is the unforgettable story of *Into the Wild*. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. Digging deeply, he takes an inherently compelling mystery and unravels the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over

the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding--and not an ounce of sentimentality. Mesmerizing, heartbreaking, *Into the Wild* is a tour de force. The power and luminosity of Jon Krakauer's storytelling blaze through every page. From the Trade Paperback edition.

One Hundred Years of Solitude

This volume presents an integrated epidemiologic, social, and economic analysis of the global epidemics of HIV among sex workers in low- and middle-income countries. The book provides a comprehensive review and synthesis of the available public health and social science data to characterize the nature, scope, and complexities of these epidemics. A community empowerment-based approach to HIV prevention, treatment, and care is outlined and demonstrated to be cost-effective across multiple settings, with a significant projected impact on HIV incidence among sex workers and transmission dynamics overall. The *Global HIV Epidemics among Sex Workers* seeks to assist governments, public health implementing agencies, donors, and sex worker communities to better understand and respond to the epidemics among a population facing heightened social and structural vulnerabilities to HIV. The book combines a systematic review of the global epidemiology of HIV among sex workers and in-depth case studies of the epidemiology, policy and programmatic responses and surrounding social contexts for HIV prevention, care and treatment in eight countries. The authors employ mathematical modeling and cost-effectiveness analysis to assess the potential country-level impact of a community empowerment-based approach to HIV prevention, treatment, and care among sex workers when taken to scale in four countries representing diverse sociopolitical contexts and HIV epidemics: Brazil, Kenya, Thailand, and Ukraine. In each setting, greater investment in prevention, treatment, and care for sex workers is shown to significantly reduce HIV. Together these findings underline the urgency of further global investment in comprehensive, human rights-based responses to HIV among sex workers.

Does gender condition politicians' discourse strategies in parliament? This is the question we try to answer in *A Gender-based Approach to Parliamentary Discourse: The Andalusian Parliament*. This book, written by experts in the field of discourse analysis, covers key aspects of political discourse such as gender, identity and verbal and nonverbal strategies: intensification, enumerative series, non-literal quotations, pseudo-desemantisation, lexical colloquialisation, emotion, eye contact and time management. It provides a large number of examples from a balanced gender parliament, the Andalusian Parliament, and it focuses mainly on argumentation, since parliamentary discourse is above all argumentative. This book will prove invaluable to students and teachers in the field of discourse analysis, and more specifically of political discourse, and will also be very useful to politicians and anyone interested in communication strategies. As of January 2019, this e-book is freely available, thanks to the support of libraries working with Knowledge Unlatched.

Recollections of My Life

At a small gallery in Florence, a Peruvian writer happens upon a photograph of a tribal storyteller deep in the jungles of the Amazon. He is overcome with the eerie sense that he knows this man that the storyteller is not an Indian at all but an old school friend, Saul Zuratas. As recollections of Zuratas flow through his mind, the writer begins to imagine Zuratas's transformation from a modern to a central member of the unacculturated Machiguenga tribe. Weaving the mysteries of identity, storytelling, and truth, Vargas Llosa has created a spellbinding tale of one man's journey from the modern world to

our origins, abandoning one in order to find meaning in both.

Cronopios and Famas

One of the 20th century's enduring works, *One Hundred Years of Solitude* is a widely beloved and acclaimed novel known throughout the world, and the ultimate achievement in a Nobel Prize-winning career. The novel tells the story of the rise and fall of the mythical town of Macondo through the history of the Buendía family. It is a rich and brilliant chronicle of life and death, and the tragicomedy of humankind. In the noble, ridiculous, beautiful, and tawdry story of the Buendía family, one sees all of humanity, just as in the history, myths, growth, and decay of Macondo, one sees all of Latin America. Love and lust, war and revolution, riches and poverty, youth and senility -- the variety of life, the endlessness of death, the search for peace and truth -- these universal themes dominate the novel. Whether he is describing an affair of passion or the voracity of capitalism and the corruption of government, Gabriel García Márquez always writes with the simplicity, ease, and purity that are the mark of a master. Alternately reverential and comical, *One Hundred Years of Solitude* weaves the political, personal, and spiritual to bring a new consciousness to storytelling. Translated into dozens of languages, this stunning work is no less than an accounting of the history of the human race.

Solving Tough Problems

The Object of the Atlantic is a wide-ranging study of the transition from a concern with sovereignty to a concern with things in Iberian Atlantic literature and art produced between 1868 and 1968. Rachel Price uncovers the surprising ways that concrete aesthetics from Cuba, Brazil, and Spain drew not only on global forms of constructivism but also on a history of empire, slavery, and media technologies from the Atlantic world. Analyzing Jose Marti's notebooks, Joaquim de Sousa Andrade's poetry, Ramiro de Maeztu's essays on things and on slavery, 1920s Cuban literature on economic restructuring, Ferreira Gullar's theory of the "non-object," and neoconcrete art, Price shows that the turn to objects—and from these to new media networks—was rooted in the very philosophies of history that helped form the Atlantic world itself.

Into the Wild

The Trueba family embodies strong feelings. This family saga starts at the beginning of the 20th century and continues through the assassination of Allende in 1973.

Plazas

Once upon a time, a historical romance author created a family . . . But not just any family. Eight brothers and sisters, assorted in-laws, sons and daughters, nieces and nephews (not to mention an overweight corgi) plus an irrepressible matriarch who's a match for any of them . . . These are the Bridgertons: less a family than a force of nature. Through eight bestselling novels, readers laughed, cried, and fell in love. But they wanted more. And so the readers asked the author . . . What happens next? Does Simon ever read his father's letters? Do Francesca and Michael become parents? Who would win in a Pall Mall grudge match? Does "The End" really have to be the end? Now, with *The Bridgertons: Happily Ever After*, Julia Quinn delivers eight sexy, funny, and heartwarming "2nd Epilogues" plus a bonus story about none other than the wise and witty matriarch Violet Bridgerton herself. So get to know the Bridgertons all over again—because *Happily Ever After* is a whole lot of fun.

A heartwarming dog story like no other: Tuesday, a lovable golden retriever, changes a former soldier's life forever. A highly decorated captain in the U.S. Army, Luis Montalván never backed down from a challenge during his two tours of duty in Iraq. After returning home from combat, however, his physical wounds and crippling post-traumatic stress disorder began to take their toll. He wondered if he would ever recover. Then Luis met Tuesday, a sensitive golden retriever trained to assist the disabled. Tuesday had lived among prisoners and at a home for troubled boys, and he found it difficult to trust in or connect with a human being--until Luis. Until Tuesday is the story of how two wounded warriors, who had given so much and suffered the consequences, found salvation in each other. It is a story about war and peace, injury and recovery, psychological wounds and spiritual restoration. But more than that, it is a story about the love between a man and dog, and how, together, they healed each other's souls.
