The King's Reformation

Shakespeare's tragedy of King Henry VIII, with explanatory notes, remarks and historical extr. by W. Lawson

The New York Times bestselling history of the legendary six wives of Henry VIII--from the acclaimed author of Marie Antoinette. Under Antonia Fraser's intent scrutiny, Catherine of Aragon emerges as a scholar-queen who steadfastly refused to grant a divorce to her royal husband; Anne Boleyn is absolved of everything but a sharp tongue and an inability to produce a male heir; and Catherine Parr is revealed as a religious reformer with the good sense to tack with the treacherous winds of the Tudor court. And we gain fresh understanding of Jane Seymour's circumspect wisdom, the touching dignity of Anna of Cleves, and the youthful naivete that led to Katherine Howard's fatal indiscretions. The Wives of Henry VIII interweaves passion and power, personality and politics, into a superb work of history.

Henry VIII

The marital ups and downs of England's most infamous king. The story of Henry VIII and his six wives has passed from history into legend - taught in the cradle as a cautionary tale and remembered in adulthood as an object lesson in the dangers of marrying into royalty. The true story behind the legend, however, remains obscure to most people, whose knowledge of the affair begins and ends with the aide memoire 'Divorced, executed, died, divorce, executed, survived'. David Loades masterly book recounts the whole sorry tale in detail from Henry's first marriage, to his brother's widow, to more or less contented old age in the care of the motherly Catherine Parr.

King Henry VIII

Henry VIII & King John

The Reign of Henry VIII

King Henry VIII

Wife After Wife

Examines the king's remarkable influence on the laws, customs, culture, and politics of his kingdom and profiles the diverse courtiers, artists, and scholars who surrounded Henry VIII.

Henry VIII

“Fascinating . . . Alison Weir does full justice to the subject.”—The Philadelphia Inquirer At his death in 1547, King Henry VIII left four heirs to the English throne: his only son, the nine-year-old Prince Edward; the Lady Mary, the adult daughter of his first wife Katherine of Aragon; the Lady Elizabeth, the teenage daughter of his second wife Anne Boleyn; and his young great-niece, the Lady Jane Grey. In this riveting account Alison Weir paints a unique portrait of these extraordinary rulers, examining their intricate relationships to each other and to history. She traces the tumult that followed Henry's death, from the brief intrigue-filled reigns of the boy king Edward VI and the fragile Lady Jane Grey, to the savagery of “Bloody Mary,” and finally the accession of the politically adroit Elizabeth I. As always, Weir offers a fresh perspective on a period that has spawned many of the most enduring myths in English history, combining the best of the historian's and the biographer's art. “Like anthropology, history and biography can demonstrate unfamiliar ways of feeling and being. Alison Weir's sympathetic collective biography, *The Children of Henry VIII* does just that, reminding us that human nature has changed--and for the better. . . . Weir imparts movement and coherence while re-creating the suspense her characters endured and the suffering they inflicted.”—The New York Times Book Review

Henry VIII

A wickedly entertaining and utterly absorbing modern take on the life and marriages of Henry VIII if he were a twenty-first-century womanizing media mogul rather than the king of England. Master of the universe Harry Rose is head of the Rose Corporation, number eighteen on the Forbes rich list, and recently married to wife number six. But in 2018, his perfect world is about to come crashing to the ground. His business is in the spotlight--and not in a good way--and his love life is under scrutiny. Because behind a glittering curtain of lavish parties, gorgeous homes, and a media empire is a tale worthy of any tabloid. And Harry has a lot to

account for.

King Henry the Eighth's Defence of the Seven Sacraments

Henry VIII

The Six Wives of Henry VIII

An insightful and elegant examination of Henry VIII's last will and testament that evokes the glittering world of the Tudor king in all its glory, pomp, and paranoia. On 28 January 1547, the sickly and obese King Henry VIII died at Whitehall. Just hours before his passing, his last will and testament had been read, stamped, and sealed. The will confirmed the line of succession as Edward, Mary, and Elizabeth; and, following them, the Grey and Suffolk families. It also listed bequests to the king's most trusted councillors and servants. Henry's will is one of the most intriguing and contested documents in British history. Historians have disagreed over its intended meaning, its authenticity and validity, and the circumstances of its creation. As well as examining the background to the drafting of the will and describing Henry's last days, Suzannah Lipscomb offers her own illuminating interpretation of one of the most significant constitutional documents of the Tudor period. Illustrated with portraits of the key figures at Henry's court, *The King is Dead* is as boldly evocative as it is beautiful—a work of Tudor history to cherish.

The Children of Henry VIII

For fans of *Wolf Hall*, Alison Weir's New York Times bestselling biography of Henry VIII brilliantly brings to life the king, the court, and the fascinating men and women who vied for its pleasures and rewards. **BONUS:** This edition contains an excerpt from Alison Weir's *Mary Boleyn*. Henry VIII, renowned for his command of power, celebrated for his intellect, presided over the most stylish—and dangerous—court in Renaissance Europe. Scheming cardinals vied for power with newly rich landowners and merchants, brilliant painters and architects introduced a new splendor into art and design, and each of Henry's six queens brought her own influence to bear upon the life of the court. In her new book, Alison Weir, author of the finest royal chronicles of our time, brings to vibrant life the turbulent, complex figure of Henry VIII and the glittering court he made his own. In an age when a monarch's domestic and political lives were inextricably intertwined, a king as powerful and brilliant as Henry VIII exercised enormous sway over the laws, the customs, and the culture of his kingdom. Yet as Weir shows in this swift, vivid narrative, Henry's ministers, nobles, and wives were formidable figures in their own right, whose influence both enhanced and undermined the authority of the throne. On a grand stage rich in pageantry, intrigue, passion, and luxury, Weir records the many complex human dramas that swirled around Henry, while deftly weaving in an account of the intimate rituals and desires of England's ruling class—their sexual practices, feasts and sports, tastes in books and music, houses and gardens. Stimulating and tumultuous, the court of Henry VIII attracted the finest minds and greatest beauties in Renaissance England—poets Wyatt and

Surrey, the great portraitist Hans Holbein, "feasting ladies" like Elizabeth Blount and Elizabeth FitzWalter, the newly rich Boleyn family and the ancient aristocratic clans like the Howards and the Percies, along with the entourages and connections that came and went with each successive wife. The interactions between these individuals, and the terrible ends that befell so many of them, make *Henry VIII: The King and His Court* an absolutely spellbinding read. Meticulous in historic detail, narrated with high style and grand drama, Alison Weir brilliantly brings to life the king, the court, and the fascinating men and women who vied for its pleasures and rewards. NOTE: This edition does not contain illustrations.

The Reign of Henry VIII

The king and his wives-letters and documents History is full of notable figures, but far fewer in number are those who have become iconic. An indisputably iconic figure, even among the many great kings of England, is the towering figure of the Tudor monarch, King Henry VIII. He was, of course, the father of Queen Elizabeth I, Gloriana, an equally renowned monarch of her own golden age. She sought always to be and be seen as her father's daughter, but posterity preserves what it will of a life in the public consciousness and so aside from Henry's unmistakable and imposing personal appearance what is most remembered of him by many is that he was married on six occasions and habitually terminated his relationships with an axe at the executioner's block-though this occurred only twice perhaps indicating more moderation in Henry's character as a husband than he is usually credited with. There has always been something seductively attractive about this powerful man, capable of great tenderness and romance, an artist, poet and musician-and yet a ruthless and unscrupulous tyrant capable of incredible insensitivity and cruelty. This volume contains an engrossing selection of correspondence, reports and other documents concerning Henry and his wives. The central part of the book is a famous collection of love letters sent by the king to his second wife Anne Boleyn, one of his spouses who lost her head to be superceded by another beauty of the court Jane Seymour, one of Anne's ladies in waiting. In this special and unique Leonaur edition these letters are added to by the inclusion of correspondence and other documents concerning the fate of Henry's sometimes unfortunate women and the events that surrounded them. Leonaur editions are newly typeset and are not facsimiles; each title is available in softcover and hardback with dustjacket.

Henry VIII

King Henry VIII

Defence of the Seven Sacraments

The Patriot King Displayed

The Defence of the Seven Sacraments (in Latin, Assertio Septem Sacramentorum) is a theological treatise from 1521, written by King Henry VIII of England. Henry started to write it in 1519 while he was reading Martin Luther's attack on indulgences. By June of that year, he had shown it to Thomas Wolsey, but it remained private until three years later, when the earlier manuscript became the first two chapters of the Assertio, the rest consisting of new material relating to Luther's De Captivitate Babylonica. It is believed that Thomas More was involved in the composition of the piece. Author J. J. Scarisbrick describes the work as "one of the most successful pieces of Catholic polemics produced by the first generation of anti-Protestant writers." It went through some twenty editions in the sixteenth century and, as early as 1522, had appeared in two different German translations. It was dedicated to Pope Leo X, who rewarded Henry with the title Fidei Defensor (Defender of the Faith) in October 1521 (a title revoked following the king's break with the Catholic Church in the 1530s, but re-awarded to his heir by the English Parliament).

The Visits of Henry VIII

Henry VIII and His Court

When 17-year-old Henry Tudor ascended to the English throne, his reign looked promising. But by the time of his death in 1547, King Henry VIII was characterized as an extremely harsh, insecure king. This biography takes readers into the life of a monarch mainly remembered for his six marriages and establishing the Church of England. Illustrations..

The King is Dead: The Last Will and Testament of Henry VIII

The Love Letters of Henry VIII to Anne Boleyn and Other Correspondence and Documents Concerning the King and His Wives

Henry VIII was almost never alone. He was surrounded, twenty-four hours a day, by the small group of intimates and personal attendants who made up the staff of his Privy Chamber. They organised his daily life, kept him amused and acted as the

landline between the King and the formal machinery of government. These men, intermarried, interbred and close-knit even in their mutual feuding, were supremely well placed to rig politics and patronage for their own benefit. Their influence was important and sometimes decisive: factions in the Privy Chamber destroyed Anne Boleyn, they frustrated the 'Catholic' reaction of the 1540s, and, by doctoring Henry's will, prepared the way for the full-blooded Protestantism of his son's reign. The Reign of Henry the VIII is not so much a book about Henry VIII. It is about the great game of politics over which he presided.

Dress at the Court of King Henry VIII

Chronicle of King Henry VIII. of England

"In this new book, James P. Carley, a leading scholar in the emerging field of book history, describes Henry VIII's libraries and shows their key role in providing a more intimate understanding of this seemingly familiar monarch and his consorts. The books of the wives, moreover, show them to have been as independent and innovative as the king himself. The extensive illustrations allow us to examine both the bindings and the contents of the collection, and also provide us with examples of his immediate voice in the form of the marginalia that he inserted into his books."--BOOK JACKET.

An Introduction to the Valor Ecclesiasticus of King Henry VIII

This collection of essays by leading scholars and researchers in early Tudor studies provides an up-to-date discussion of the politics, policy and piety of Henry VIII's reign. It explores such areas as the reform of central and local government, foreign policy, relations between leading politicians, life at Court, Henry's first divorce and the break with Rome, literature and the government's exploitation of it, and the growth of evangelical religion in Henry's England. Particular consideration is given to the controversies which have arisen about the reign among modern historians, and there is an effort to assess the personality of Henry himself.

The Works of William Shakespeare: King Henry VIII. Troilus and Cressida. Coriolanus. Titus Andronicus

A major reassessment of England's break with Rome

The Letters

The Autobiography of Henry VIII is the magnificent historical novel that established Margaret George's career. Evocatively written in the first person as Henry VIII's private journals, the novel was the product of fifteen years of meticulous research and five handwritten drafts. Much has been written about the mighty, egotistical Henry VIII: the man who dismantled the Church because it would not grant him the divorce he wanted; who married six women and beheaded two of them; who executed his friend Thomas More; who sacked the monasteries; who longed for a son and neglected his daughters, Mary and Elizabeth; who finally grew fat, disease-

ridden, dissolute. Now, in her magnificent work of storytelling and imagination Margaret George bring us Henry VIII's story as he himself might have told it, in memoirs interspersed with irreverent comments from his jester and confidant, Will Somers. Brilliantly combining history, wit, dramatic narrative, and an extraordinary grasp of the pleasures and perils of power, this monumental novel shows us Henry the man more vividly than he has ever been seen before.

The Wives of Henry VIII

In one volume, eminent Shakespearean scholars Jonathan Bate and Eric Rasmussen provide fresh new editions of two classic histories: "Henry VIII" and "King John."

Who Was Henry VIII?

King Henry VIII has been the subject of more books and movies than any other English king or queen. He was a complex and fascinating historical figure, dynamic and often contradictory. Married six times, he defended England against the biggest invasion since the Battle of Hastings in 1066. He was often a tyrant who ordered executions with seemingly little provocation. The author brings to life this complex man, while providing lively descriptions of the armor, battle, customs, and lifestyle of the time. This beautiful book contains illuminated manuscripts and paintings-including several of Hans Holbein's portraits of the king.

King Henry VIII, Or All is True

The Books of King Henry VIII and His Wives

The Autobiography of Henry VIII

First published in 1968, Jack Scarisbrick's Henry VIII is a book which focuses on the personality of this flamboyant and forceful monarch, exploring an impulsive interventionist king whose impact on the government, society and religion of England is felt more than four centuries on.

The Six Wives of Henry VIII

The Letters of King Henry VIII

The Love Letters of Henry VIII to Anne Boleyn; With Notes

A "brilliantly written and meticulously researched" biography of royal family life during England's second Tudor monarch (San Francisco Chronicle). Either annulled, executed, died in childbirth, or widowed, these were the well-known fates of the six queens during the tempestuous, bloody, and splendid reign of Henry VIII of

England from 1509 to 1547. But in this “exquisite treatment, sure to become a classic” (Booklist), they take on more fully realized flesh and blood than ever before. Katherine of Aragon emerges as a staunch though misguided woman of principle; Anne Boleyn, an ambitious adventuress with a penchant for vengeance; Jane Seymour, a strong-minded matriarch in the making; Anne of Cleves, a good-natured woman who jumped at the chance of independence; Katherine Howard, an empty-headed wanton; and Katherine Parr, a warm-blooded bluestocking who survived King Henry to marry a fourth time. “Combin[ing] the accessibility of a popular history with the highest standards of a scholarly thesis”, Alison Weir draws on the entire labyrinth of Tudor history, employing every known archive—early biographies, letters, memoirs, account books, and diplomatic reports—to bring vividly to life the fates of the six queens, the machinations of the monarch they married and the myriad and ceaselessly plotting courtiers in their intimate circle (The Detroit News). In this extraordinary work of sound and brilliant scholarship, “at last we have the truth about Henry VIII’s wives” (Evening Standard).

Henry VIII.

Two Letters from King Henry VIII to Tunstall, Bishop of Durham, and from Bishop Tunstall to Cardinal Pole; with an Introduction by G. Bayfield Roberts, Etc

The New Cambridge Shakespeare appeals to students worldwide for its up-to-date scholarship and emphasis on performance. The series features line-by-line commentaries and textual notes on the plays and poems. Introductions are regularly refreshed with accounts of new critical, stage and screen interpretations. Edited and introduced by John Margeson, King Henry VIII appears here for the first time in a New Cambridge Shakespeare edition. In his introduction Margeson explores the political and religious background to the play, its pageant-like structure and visual effects, and its varied ironies. He also discusses its stage history, from the famous occasion in 1613 when the Globe theatre burned down during a performance of King Henry VIII to important theatrical productions of the late twentieth century. A balanced account is provided of the authorship controversy that arose in the nineteenth century, when John Fletcher's name was first put forward as a likely collaborator.

Henry VIII in 100 Objects

Describes the life of Henry VIII, from his childhood and ascension to the throne to his infamous multiple marriages and conflicts with the Catholic church.

The King's Reformation

Henry VIII used his wardrobe, and that of his family and household, as a way of expressing his wealth and magnificence. This book encompasses the first detailed study of male and female dress worn at the court of Henry VIII (1509-47) and covers the dress of the king and his immediate family, the royal household and the broader court circle. Henry VIII's wardrobe is set in context by a study of Henry

VII's clothes, court and household. ~ ~ As none of Henry VIII's clothes survive, evidence is drawn primarily from the great wardrobe accounts, wardrobe warrants, and inventories, and is interpreted using evidence from narrative sources, paintings, drawings and a small selection of contemporary garments, mainly from European collections. ~ ~ Key areas for consideration include the king's personal wardrobe, how Henry VIII's queens used their clothes to define their status, the textiles provided for the pattern of royal coronations, marriages and funerals and the role of the great wardrobe, wardrobe of the robes and laundry. In addition there is information on the cut and construction of garments, materials and colours, dr given as gifts, the function of livery and the hierarchy of dress within the royal household, and the network of craftsmen working for the court. The text is accompanied by full transcripts of James Worsley's wardrobe books of 1516 and 1521 which provide a brief glimpse of the king's clothes.
