supplemental data on work experience, income, noncash benefits, and migration. Comprehensive information is given on the employment status, occupation, and industry of persons 15 years old and older. Additional data are available concerning weeks worked and hours per week worked, reason not working full time, total income and income components, and residence on March 1, 1990. This file also contains data covering nine noncash income sources : food stamps, school lunch programs, employer-provided group health insurance plans, employer-provided pension plans, personal health insurance, Medicaid, Medicare, CHAMPUS or military health care, and energy assistance. Information on demographic characteristics, such as age, sex, race, household relationship, and Spanish origin, are available for each person in the household enumerated.

This collection contains standard data on labor force activity for the week prior to the survey. Comprehensive data are available on the employment status, occupation, and industry of persons 14 years old and over. Also supplied are personal characteristics such as age, sex, race, marital status, veteran status, household relationship, educational background, and Spanish origin. In addition, supplemental data pertaining to date of first marriage, fertility, birth expectations, and marital history are included in this file. Data are presented for females, aged 18 to 44, on date of first marriage, number of liveborn children, and date of birth of youngest and oldest children. Women aged 18 to 39 also were questioned on the number of children they expected to have during their remaining childbearing years.
