Readings in the Summa Theologiae: On faith, Summa theologiae, part 2-2, questions 1-16 of St. Thomas Aquinas

Vol. 1 published in 1953, by Fathers of the Church, New York, under title: Saint Peter Chrysologus : selected sermons; and Saint Valerian : homilies. Includes bibliographical references and index.

ADRIS Newsletter

Confession is a history of penance as a virtue and a sacrament in the United States from about 1634, when Catholicism arrived in Maryland, to 2015, fifty years after the major theological and disciplinary changes initiated by the Second Vatican

Council. Patrick W. Carey argues that the Catholic theology and practice of penance, so much opposed by the inheritors of the Protestant Reformation, kept alive the biblical penitential language in the United States at least until the mid-1960s when Catholic penitential discipline changed. During the nineteenth and early twentieth centuries, American Catholics created institutions that emphasized, in opposition to Protestant culture, confession to a priest as the normal and almost exclusive means of obtaining forgiveness. Preaching, teaching, catechesis, and parish revival-type missions stressed sacramental confession and the practice became a widespread routine in American Catholic life. After the Second Vatican Council, the practice of sacramental confession declined suddenly. The post-Vatican II history of penance, influenced by the Council's reforms and by changing American moral and cultural values, reveals a major shift in penitential theology; moving from an emphasis on confession to emphasis on reconciliation. Catholics make up about a quarter of the American population, and thus changes in the practice of penance had an impact on the wider society. In the fifty years since the Council, penitential language has been overshadowed increasingly by the language of conflict and controversy. In today's social and political climate, Confession may help Americans understand how far their society has departed from the penitential language of the earlier American tradition, and consider the advantages and disadvantages of such a departure.

St. Peter Chrysologus

The Fathers of the Church

Soul and Psyche

Among the papers brought together for this conference are: 'Philosophical objections to Christianity on the eve of the great persecution', 'Lessons from Diocletian's persecution', 'Preparation for martyrdom in the early church' and 'The origin of the cult of St George'.

Nova Et Vetera

The Presence of God: The growth of mysticism

The Bible in Athanasius of Alexandria

The first introduction to the history and method of biblical-psychological interpretation.

Patrology: The golden age of Latin patristic literature from the Council of Nicea to the Council of Chalcedon

A Translation of Jerome's Chronicon with Historical Commentary

Part of the Works of Saint Augustine

Arianism and Other Heresies

Patrology: The golden age of Latin patristic literature from the Council of Nicea to the Council of Chalcedon

"Taken together, these essays provide a synthesis of current work in Carolingian cultural history - a rare commodity in English. This volume offers much that is provocative and challenging to scholars of cultural history and of the early Middle Ages, but it is presented in a style accessible to the nonspecialist as well. "The Gentle Voices of Teachers" is a major contribution to its field and will appeal to anyone interested in the history of education, music, religion, and art, and in the

interaction of cultural and political history."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. All Rights Reserved

Conflict Prevention, Management and Resolution in the Church

The Encyclopedia Americana

Patrology 4 Vol Set

Blessings and curses represent complex social and theological phenomena, and challenge our linguistic and conceptual understandings of the society in which they are used. This volume gathers together the semantic information for the words used in ancient Hebrew (including inscriptions, Ben Sira and Qumran) for the field of 'blessing and cursing'. Since semantics must take into account the context in which the words are used, Part 1 surveys different approaches to the understanding of blessing and cursing in Israelite religion and society, and the anthropological and linguistic approaches taken in interpreting them. The relevance of these approaches to a semantic study is noted, and a summary of the second part of the volume is given. Part 2 is a detailed presentation of the data for

each word, including discussion of the root, morphology, translations in the ancient versions, position within the semantic field and scholarly literature. The aim is to provide as full a treatment as possible for a semantic interpretation of the field. The volume has been produced as part of the international project, the Semantics of Ancient Hebrew Database.

Patrology: The Golden age of Greek Patristic Literature

An Introductory Bibliography for the Study of Scripture

The Gentle Voices of Teachers

This study of uses of Scripture in the writings of Athanasius of Alexandria draws upon detailed textual observations to construct a coherent description of interpretive practices across the several genres in which this prominent fourth-century bishop wrote.

The Foundations of Mysticism

A new translation of St. Thomas Aquinas's classic treatise provides a clear and accessible exploration of the theological virtue of faith.

The Doctors of the Church

This book is designed to tell ordinary readers everything they always wanted to know about these important leaders but didn't know who to ask. This is the only book that provides the perennial wisdom of all thirty-three doctors for any who wish to deepen their grasp of the roots of the Christian faith.

Halcyon

Interpretative Traditions in the Hypomnestikon Biblion Ioseppou

Patrology: The Golden age of Greek Patristic Literature

From earliest times the Christian church has been devoted to the service of the word -- by which is meant the scriptures, works of the great teachers and

theologians, and the ordinary preaching through which the church confirmed its faith. Preaching was especially crucial in the first days of the church. .from back cover.

The Growth of Mysticism

The Semantics of Blessing and Cursing in Ancient Hebrew

The Encyclopedia Americana

Volume 1 only.

The Encyclopedia Americana: Falstaff-Francke

In Volume Two of Ernest Fortin: Collected Essays, Fortin deals with the relationship between religion and civil society in a Christian context: that of an essentially nonpolitical but by no means entirely otherworldly religion, many of whose teachings were thought to be fundamentally at odds with the duties of citizenship. Sections focus upon Augustine and Aquinas, on Christianity and politics; natural

law, natural rights, and social justice; and Leo Strauss and the revival of classical political philosophy. Fortin's treatment of these and related themes betrays a keen awareness of one of the significant intellectual events of our time: the recovery of political philosophy as a legitimate academic discipline.

Encyclopedia Americana: Falstaff to Francke

The Correspondence of Pope Julius I

Publishers Trade List Annual, 1994

Patrology: The Golden Age of Greek Patristic literature, from the Council of Nicaea to the Council of Chalcedon

This third edition of the Introductory Bibliography for the Study of Scripture builds on the two preceding editions. Older, obsolete titles have been eliminated, and newer relevant entries substituted, the twenty-four chapters of the book remain the same, but the contents of them have often changed. The book has been

internationalized wherever possible and British publishers have been added to entries, when they could be ascertain. The aim of this revision remains what it has always been: to present a list of titles of reasonable length with which the student who is beginning the study of theology or of Scripture in a serious way might do well to familiarize himself or herself.

Encyclopedia Americana

This monumental series places at the disposal of the English reading public a solid introduction to early Christian literature. It is the first work of its kind written originally in English. The first volume appeared in 1950. Reviewers were unanimous in heaping praise upon the publication and looking upon it as a breakthrough in studying the Fathers of the Church. To arouse interest in the works of the Fathers, the author provides numerous excerpts in English. These are thought of as samples that, by giving readers a taste of the beauty and sublimity of the Patristic writings, may tempt them to take in hand the original and get their own impression of it, or, if that is too much for them, at least to read it in good translation. Only this, if achieved, will put readers close to Patristic literature, because only then do they sense the atmosphere of Christian antiquity and begin to penetrate its world. The author's experiences as a university professor prompted him to adopt this device. The selections are designed to also show the development of theology in the early centuries and to illustrate the approach of the

Fathers to the deposit of faith.

The Great Persecution

The Presence of God

Patrology: The Golden age of Greek Patristic Literature

Bernard McGinn, considered by experts to be the best scholar of Western Christian mysticism in the world, became known far beyond academia with the 1991 publication of *The Foundations of Mysticism: Origins to the Fifth Century*. The initial volume in a four-volume series was greeted with immediate and unprecedented critical praise. This second volume, *The Growth of Mysticism*, will also stand on its own as a towering achievement, taking up the story from 500 to 1200 CE. It is the fascinating history of early medieval mysticism when monasticism was the

dominant religious and educational institution of the new post-Roman world. It brings to life such visionaries as Gregory the Great, John Scottus Eriugena, Bernard of Clairvaux, and many others. Filled with knowledge and wisdom, The Growth of Mysticism is grounded in the highest scholarship.

Classical Christianity and the Political Order

A monumental work that presents a solid introduction to early Christian literature to the English reading public. It is the first work of its kind written originally in English. Reviewers were unanimous in heaping praise upon the publication and looking upon it as a breakthrough in studying the Fathers of the Church.

Confession

Preaching in the Patristic Age

Now available in paperback, this is the first volume of the highly-praised landmark trilogy The Presence of God: A History of Western Christian Mysticism. "A book to be treasured".--Spiritual Life.
