What is assessment literacy? It’s a handful of fundamental understandings about the testing concepts and procedures that influence educational decisions. And it just might be the most cost-effective means of real school improvement. With characteristic humor and aplomb, assessment expert W. James Popham strips away the psychometrician-speak and condenses the complexities of educational testing to six practical and action-oriented understandings about validity, reliability, fairness, score reporting, formative assessment, and affective assessment. This book is for busy educators at the classroom and leadership levels who want

- Tests that are worth the valuable time they take to administer.
- Tests that accurately measure what student have learned.
- Tests that fairly reflect teacher and school effectiveness.
- Tests that provide the instructionally useful data that will help students learn faster and better.

Brian's Winter : a Novel Study

For many people, remaining optimistic and feeling positive about themselves and their lives is a constant battle—especially when circumstances are difficult and life is hard. For others, negativity is something that only sneaks up from time to time, yet still wreaks havoc in their hearts. Regardless of the root causes, once pessimistic thoughts permeate our minds, our feelings and emotions begin to control us instead of us controlling them. Eventually it doesn't seem possible to stay positive, happy, and full of joy, and negative thought patterns shake our faith, causing us to sink emotionally, mentally, and spiritually over time. But it doesn't have to be that way. Despite what storms roll in, hearts anchored in God don't sink. When we change the way we think, we can change the way we feel and live,

The Gulf Cooperation Council (GCC) countries are some of the richest and most dynamic emerging markets in the world. But they are tough markets! International companies must think seriously if they want to do business there – the barriers can be numerous and difficult. But the opportunities are phenomenal and rewarding. The key to success is to plan and take the right steps. This book shows how to do this by decoding, using case studies, and suggesting relevant solutions. For Judith Hornok, it's not about dry theories or mind games. Instead this book is based on numerous case studies drawn from the lives of well-known Arab and international business people. The reader can grasp the opportunities and avoid the pitfalls by knowing and understanding the Arab Business Code (ABC): "learning the A-B-Cs." This book offers a study with practical measures, a toolkit of easy-to-learn and simple-to-use techniques that pave the way for business success in the Gulf. Over fifteen years of research is boiled down into a clearly structured, compact book. Judith Hornok presents the insights of her studies by decoding the behavior of Arab business people in the Gulf using innovative techniques and new approaches, which can be easily implemented by the reader. For the first time Judith also presents her creations – the figures of The Seven Emotional Hinderers.

Just as God used words both to create the world and to give us commandments, we too use words for many different purposes. In fact, we use the same language to talk to each other and to talk to God. Can our everyday speech, then, be just as important as the words and prayers we hear from the pulpit? Eugene Peterson unequivocally says Yes! / Tell It Slant explores how Jesus used language he was earthy, not abstract; metaphorical, not dogmatic. His was not a direct language of information or instruction but an indirect, oblique language requiring a participating imagination slant language. In order to witness and teach accurately in Jesus name, then, it is important for us to use language the way he did. / Part 1 focuses on Jesus words in everyday contexts his teachings to the crowds, the stories he told, his conversations with his disciples. Part 2 shifts the focus to Jesus prayers the words he spoke to God the Father. / Peterson s Tell It Slant promises to deepen our understanding of Jesus words, strengthen our awareness of language as a gift of God, and nurture our efforts to make all of our speech convey a blessing to others.
