### **Complete IELTS Bands 5-6.5 Student's Book with Answers with CD-ROM**

The English Language is spoken by more than a billion people throughout the world. But where did English come from? And how has it evolved into the language used today? In How English Became English Simon Horobin investigates the evolution of the English language, examining how the language continues to adapt even today, as English continues to find new speakers and new uses. Engaging with contemporary concerns about correctness, Horobin considers whether such changes are improvements, or evidence of slipping standards. What is the future

for the English Language? Will Standard English continue to hold sway, or are we witnessing its replacement by newly emerging Englishes?

## **IELTS Introduction**

### **Ready for IELTS**

The IELTS Lower-level skills Practice Books are for students who aspire to take the IELTS test but need to work on their language level first. These are a lead-in to our current series which are for IELTS-ready students. Through IELTS-style tasks and exercises, Collins Get Ready for IELTS Reading helps learners gain confidence in core reading competencies for IELTS. Perfect for self-study, using a guided-learning approach that gives students access to a full answer key with model answers and commentary. Experienced IELTS tutors have developed the series taking into account the specific language needs of learners at this level. A further key focus is the development of learners' cultural awareness in relation to the IELTS test.

The new IELTS preparation course builds on the successful elements of the Ready for Series to ensure students aiming for IELTS bands 5 - 6.5 are ready for success! All four key skills are systematically developed and practised in each unit, while in-depth exam training is presented.

## **Reading Latin**

Reading Latin, first published in 1986, is a bestselling Latin course designed to help mature beginners read classical Latin fluently and intelligently. It does this in three ways: it encourages the reading of continuous texts from the start; it offers generous help with translation at every stage; and it integrates the learning of classical Latin with an appreciation of the influence of the Latin language upon English and European culture from antiquity to the present. The Text and Vocabulary, richly illustrated, consists at the start of carefully graded adaptations from original classical Latin texts. The adaptations are gradually phased out until unadulterated prose and verse can be read. The accompanying Grammar and Exercises volume completes the course by supplying all the grammatical help needed, and the second edition has been fully revised and updated. It has also been extensively redesigned to make it clearer and easier to navigate.
