Summary: This study throws new light on the Roman impact on Italic religious structures in the last four centuries BC and, more generally, on the complex processes of change and accommodation set in motion by the Roman expansion in Italy. Cult places had a pivotal function among the various 'Italic' tribes known to us from the ancient sources, which had been gradually conquered and subsequently controlled by Rome. Through an analysis of archaeological, literary and epigraphic evidence from rural cult places in Central and Southern Italy including a case study on the Samnite temple of San Giovanni in Galdo, the authors investigate the fluctuating function of cult places in among the non-Roman Italic communities, before and after the establishment of Roman rule.

In Robert Louis Stevenson's influential novel of mad science and criminal inquiry, attorney Gabriel John Utterson comes to the aid of Dr. Henry Jekyll, an old friend, only to find himself dragged from a world of genial hospitality into London's foreboding night, which is shrouded in shadows and fog—and stalked by the deranged Edward Hyde. Utterson's quest for truth is not only a detective story laden with twists, but an intense meditation on man's inherently dualistic nature, written in a style that often combines disturbing violence with restrained language typical of the Victorian era.

## **Strange Case of Dr. Jekyll and Mr. Hyde**

Modern scholarship generally treats the "debate about women" (querelle des femmes) as a late medieval phenomenon, perhaps touched upon by canonic authors like Chaucer but truly begun by Christine de Pizan (1364-1429), and therefore primarily of English and French origin. That emphasis has obscured the ways in which both writers were participating in a much wider, much older cultural phenomenon with varied and intractable roots. Articles in this collection explore how gender is put into debate in Anglo-Saxon, German, Spanish and Italian cultures, and they re-examine French and Middle English debate literature. The collection is carefully planned to be accessible to students seeking an idea of the debate's motifs and contours while maintaining the high level of issue involvement necessary to commanding a more seasoned audience. Contributors include Pamela Benson, Alcuin Blamires, Margaret Franklin, Roberta Krueger, Clare Lees and Gillian Overing, Ann Matter, Karen Pratt, Helen Solterer, Julian Weiss, and Barbara Weissberger.

## **Predator: Prey to the Heavens**

NOW A MAJOR MOTION PICTURE The #1 bestselling author of Saturday and Atonement brilliantly illuminates the collision of sexual longing, deep-seated fears and romantic fantasy in his unforgettable, emotionally engaging novel. The year is 1962. Florence, the daughter of a successful businessman and an aloof Oxford academic, is a talented violinist. She dreams of a career on the concert stage and of the perfect life she will create with Edward, the earnest young history student she met by chance and who unexpectedly wooed her and won her heart. Edward grew up in the country on the outskirts of Oxford where his father, the headmaster of the local school, struggled to keep the household together and his mother, brain-

damaged from an accident, drifted in a world of her own. Edward's native intelligence, coupled with a longing to experience the excitement and intellectual fervour of the city, had taken him to University College in London. Falling in love with the accomplished, shy and sensitive Florence--and having his affections returned with equal intensity--has utterly changed his life. Their marriage, they believe, will bring them happiness, the confidence and the freedom to fulfill their true destinies. The glowing promise of the future, however, cannot totally mask their worries about the wedding night. Edward, who has had little experience with women, frets about his sexual prowess. Florence's anxieties run deeper: she is overcome by conflicting emotions and a fear of the moment she will surrender herself. From the precise and intimate depiction of two young lovers eager to rise above the hurts and confusion of the past, to the touching story of how their unexpressed misunderstandings and fears shape the rest of their lives, *On Chesil Beach* is an extraordinary novel that brilliantly, movingly shows us how the entire course of a life can be changed--by a gesture not made or a word not spoken.

## **Political Ideologies**

"This study explores the theme of Batavian ethnicity and ethnogenesis in the context of the Early Roman empire. Its starting point is the current view in the social and historical sciences of ethnicity as a culturally determined, subjective construct that is shaped through interaction with an ethnic 'other'. The study analyses literary, epigraphic and archaeological sources relating to the Batavian image and self-image against the backdrop of Batavian integration into the Roman world. The Batavians were intensively exploited by the Roman authorities for the recruitment of auxiliary soldiers, with the result that their society developed into a full-blown military community."--Jacket.

So when nineteen-year-old Gage decides he can no longer live with their bossy guardian, Janna, Ari knows she has to go with him. But it's been two months, and Gage still hasn't found them an apartment. He and Ari have been "couch surfing," staying with Gage's friend in a tiny apartment, crashing with Gage's girlfriend and two roommates, and if necessary, sneaking into a juvenile shelter to escape the cold Maine nights. But all of this jumping around makes it hard for Ari to keep up with her schoolwork, never mind her friendships, and getting into Carter starts to seem impossible. Will Ari be forced to break one of her promises to Mama? A Study in Scarlet is an 1887 detective novel by Scottish author Arthur Conan Doyle. Written in 1886, the story marks the first appearance of Sherlock Holmes and Dr. Watson, who would become the most famous detective duo in popular fiction. The book's title derives from a speech given by Holmes, a consulting detective, to his friend and chronicler Watson on the nature of his work, in which he describes the story's murder investigation as his "study in scarlet": "There's the scarlet thread of murder running through the colorless skein of life, and our duty is to unravel it, and isolate it, and expose every inch of it."
