Identity and Pleasure: The Politics of Indonesian Screen Culture critically examines what media and screen culture reveal about the ways urban-based Indonesians

attempted to redefine their identity in the first decade of this century. Through a richly nuanced analysis of expressions and representations found in screen culture (cinema, television and social media), it analyses the waves of energy and optimism, and the disillusionment, disorientation and despair, that arose in the power vacuum that followed the dramatic collapse of the militaristic New Order government. While in-depth analyses of identity and political contestation within the nation are the focus of the book, trans-national engagements and global dimensions are a significant part of the story in each chapter. The author focuses on contemporary cultural politics in Indonesia, but each chapter contextualizes current circumstances by setting them within a broader historical perspective.

Pada 20 November 1979, sebuah peristiwa besar terjadi di Kota Suci Mekkah. Sekelompok orang bersenjata pimpinan Juhaiman al-Utaibi, seorang Islamis radikal, menguasai Masjid al-Haram. Mereka memprotes kebobrokan Pemerintah Arab Saudi dan aliansinya dengan Barat. Gejolak politik di tanah suci meledak. Lalu, baku tembak antara pengikut Juhaiman dengan tentara Arab Saudi pun tak terelakkan. Mulanya, tentara Saudi dibuat keteteran oleh perlawanan Juhaiman dan pengikutnya. Tetapi akhirnya, dengan bantuan beberapa pimpinan militer Prancis, tentara Saudi berhasil melumpuhkan "pemberontakan" kelompok Islam radikal tersebut. Sebagai hukumannya, Juhaiman dan pengikutnya yang tertangkap hidup-hidup kemudian dipenggal kepalanya--eksekusi penggal kepala ini dilaksanakan di beberapa kota di Saudi sebagai peringatan bagi siapa pun yang

berusaha makar terhadap pemerintah. Merujuk fatwa para ulama berpengaruh, Pemerintah Saudi mendakwa mereka melakukan tindakan sesat: mendeklarasikan munculnya Imam Mahdi--yang tewas dalam pertempuran itu--sebagai penyelamat dunia; serta menguasai dan menjadikan Masjid al-Haram, tempat tersuci umat Muslim, sebagai medan pertempuran dan kekerasan, yang sangat jelas dilarang oleh agama. Peristiwa itu menjadi bagian penting dari sejarah modern Kota Mekkah. Meski demikian, kebanyakan orang, terutama kaum Muslim, tak paham apa yang sejatinya terjadi saat itu. Maklum, ketika peristiwa itu berlangsung, Pemerintah Saudi melarang keras media massa meliput dan memberitakannya. Tak hanya itu, jaringan telepon, telegram, dan surat-menyurat pun diputus. Alhasil, tak ada celah bagi siapa pun untuk dapat mengakses peristiwa itu dari luar tempat kejadian. Pada tahun 2006, dua puluh tahun kemudian, Yaroslav Trofimov berusaha menyusun kembali serpihan sejarah atas kejadian itu. Untuk menyibak detail peristiwa yang tak terkuak khalayak itu, Trofimov memburu sumber-sumber penting dan tepercaya, antara lain: pelaku 'gerakan 1979' yang masih hidup; Paul Barril, kepala misi pasukan Prancis saat itu; tentara Arab Saudi; Perpustakaan British, satu-satunya tempat di Eropa yang menyimpan pelbagai surat kabar Saudi tahun 1979; arsip Pemerintah AS dan Inggris yang berisi laporan rahasia dari para diplomat dan mata-mata; serta CIA dan British Foreign Office. Para pengamat politik dan sejarawan menganggap kejadian itu sebagai insiden lokal semata dan karena itu tak bersangkutan-paut dengan peristiwa internasional yang belakangan merebak: terorisme. Tetapi penulis buku ini, Yaroslav Trofimov, berpendapat

sebaliknya. Menurutnya, peristiwa itu merupakan akar sejarah gerakan terorisme global, terutama yang dimotori al-Qaeda. Siapa dan di mana Osama Bin Laden kala itu, sehingga petinggi al-Qaeda ini dihubungkan dengan peristiwa tersebut? Padahal ketika peristiwa itu terjadi, keluarga besar Bin Laden termasuk dalam barisan Pemerintah Kerajaan Arab Saudi yang mendukung penumpasan gerakan 1979.

Gore Vidal's America

In the past forty years, while historical-critical studies were seeking with renewed intensity to reconstruct events behind the biblical texts, not least the life of Jesus, two branches of literary studies were finally reaching maturity. First, researchers were recognizing that many biblical texts are rewritings or transformations of older texts that still exist, thus giving a clearer sense of where the biblical texts came from; and second, studies in the ancient art of composition clarified the biblical texts' unity and purpose, that is to say, where biblical texts were headed. The work of tracing literary indebtedness and art is far from finished but it is already possible and necessary to draw a conclusion: it is that, bluntly, Jesus did not exist as a historical individual. This is not as negative as may at first appear. In a deeply personal coda, Brodie begins to develop a new vision of Jesus as an icon of God's presence in the world and in human history.

Contrary to popular belief fostered in countless school classrooms the world over, Christopher Columbus did not discover that the earth was round. The idea of a spherical world had been widely accepted in educated circles from as early as the fourth century B.C. Yet, bizarrely, it was not until the supposedly more rational nineteenth century that the notion of a flat earth really took hold. Even more bizarrely, it persists to this day, despite Apollo missions and widely publicized pictures of the decidedly spherical Earth from space. Based on a range of original sources, Garwood's history of flat-Earth beliefs---from the Babylonians to the present day---raises issues central to the history and philosophy of science, its relationship to religion and the making of human knowledge about the natural world. Flat Earth is the first definitive study of one of history's most notorious and persistent ideas, and it evokes all the intellectual, philosophical, and spiritual turmoil of the modern age. Ranging from ancient Greece, through Victorian England, to modern-day America, this is a story that encompasses religion, science, and pseudoscience, as well as a spectacular array of people and places. Where else could eccentric aristocrats, fundamentalist preachers, and conspiracy theorists appear alongside Copernicus, Newton, and NASA, except in an account of such a legendary misconception? Thoroughly enjoyable and illuminating, Flat Earth is social and intellectual history at its best.

Mochtar Lubis was one of Indonesia's best-known newspaper editors, authors and cultural figures, with a national, regional and international prominence that he retained from the early 1950s until his recent death in 2004. This book traces the major events in the life of Mochtar Lubis, which is also a prism through which much of Indonesia's post-independence history can be interpreted. This book is also the story of Indonesia in the second half of the twentieth century, when the people of the archipelago became an independent nation, and when print media and the influential figures who controlled and produced newspapers, played a pivotal role in national political, educational and cultural life, defining Indonesia. Editors with strong personalities dominated the industry and sparred with the nation's leadership; Lubis was a vocal critic of the abuse of power and a thorn in the side of the country's first two presidents, becoming synonymous with combative journalism. Under both Sukarno and Suharto, Lubis had his newspaper closed down and was imprisoned. As the only comprehensive biography of this towering figure,

In A Coincidence of Desires, Tom Boellstorff considers how interdisciplinary collaboration between anthropology and queer studies might enrich both fields. For

more than a decade he has visited Indonesia, both as an anthropologist exploring gender and sexuality and as an activist involved in HIV prevention work. Drawing on these experiences, he provides several in-depth case studies, primarily concerning the lives of Indonesian men who term themselves gay (an Indonesian-language word that overlaps with, but does not correspond exactly to, the English word “gay”). These case studies put interdisciplinary research approaches into practice. They are preceded and followed by theoretical meditations on the most productive forms that collaborations between queer studies and anthropology might take. Boellstorff uses theories of time to ask how a model of “coincidence” might open up new possibilities for cooperation between the two disciplines. He also juxtaposes his own work with other scholars' studies of Indonesia, Thailand, the Philippines, Malaysia, and Singapore to compare queer sexualities across Southeast Asia. In doing so, he asks how comparison might be understood as a queer project and how queerness might be understood as comparative. The case studies contained in *A Coincidence of Desires* speak to questions about the relation of sexualities to nationalism, religion, and globalization. They include an examination of zines published by gay Indonesians; an analysis of bahasa gay—a slang spoken by gay Indonesians that is increasingly appropriated in Indonesian popular culture; and an exploration of the place of warias (roughly, “male-to-female transvestites”) within Indonesian society. Boellstorff also considers the tension between Islam and sexuality in gay Indonesians' lives and a series of incidents in which groups of men, identified with Islamic fundamentalism, violently

attacked gatherings of gay men. Collectively, these studies insist on the primacy of empirical investigation to any queer studies project that wishes to speak to the specificities of lived experience.

Have you ever woken up in the sultry heat of the morning, your hair and beard teeming with maggots? Have you ever felt the cold barrel of a semi automatic gun against your forehead? When Danny Bent cycled 15,000 kilometres from the UK to India to raise money for ActionAid, it was a decision that took twenty years and one minute. For twenty years he had wanted to do something to raise money for charity. The one minute was when as their teacher he was put on the spot by his pupils and declared that the means was by bike, and he was going to India. What he had signed up for was slogging along roads with trucks bearing down on him, unable to see and choking in the smog; shooting down treacherous descents with 100 foot drops, shaking with cold and too numb to brake; muscle burn and saddle sores; delirium and food poisoning; thirst and malnutrition; foul and insanitary conditions; life-threatening crises; obstructive border guards, crazed dogs and inquisitive passers-by. 'You've Gone Too Far This Time, Sir ' is a real and compelling blow-by-blow account of Danny's trip across Europe, the former Soviet Republics, Russia, China, Pakistan and India. And what people he met They are the true delight of this book, mostly charming, sometimes reckless, occasionally threatening, always unpredictable, and forever inviting Danny to be up for the challenge of entertaining them, in one instance by dancing in front of a packed stadium, in another by eating sheep's brains in a local night market. Danny turns the wheels, you turn the pages. The pace is relentless. The story is both heart-

stopping and heart-warming. The arrival is breakdown-and-cry emotional. And there's loads of fun and wonderment along the way too. What a book What a ride Live your dream. Go for it, Danny.

Gore Vidal is one of the most significant American writers of the second half of the

twentieth century, having produced a large number of best selling novels, essays, plays and pamphlets which have impacted on major political and social debates for fifty years. He is both a serious writer and a television and movie celebrity, whose increasingly acerbic picture of the United States guarantees he is both revered and reviled. Gore Vidal's *America* examines the ways in which Vidal's writings on history, politics, sex and religion throw into focus our understandings of the United States, but also recognizes his versatility and inventiveness as a creative writer, some of whose novels – *Julian*; *Myra Breckinridge*; *Lincoln*; *Duluth* – are among the important literary works of their time. Ranging from Vidal's early defence of homosexuality in *The City and the Pillar* (1948) to his most recent writings on the war in Iraq, this book provides a unique perspective on the evolution of post-World War II American society, politics and literature. As Altman writes: "Difficult not to see in the results of the 2004 elections, where the Republican right gained in both the White House and the Senate, proof of Vidal's worse fears, namely that the impact of imperial adventure, big money and religious moralism would increasingly imperil the American Republic."

Illustrated with useful examples and lively anecdotes from Jordan's own fieldwork, the Fourth Edition of this innovative comparative ethnography brings the reader to a deeper understanding of childbirth as a culturally grounded, biosocially mediated, and interactionally achieved event.

A world-renowned professor of Islamic studies, Amina Wadud has long been at the forefront of what she calls the 'gender jihad,' the struggle for justice for women within the global Islamic community. In 2005, she made international headlines when she helped to promote new traditions by leading the Muslim Friday prayer in New York City, provoking a firestorm of media controversy and kindling charges of blasphemy among conservative Muslims worldwide. In this provocative book, "Inside the Gender Jihad", Wadud brings a wealth of experience from the trenches of the jihad to make a passionate argument for gender inclusiveness in the Muslim world. Knitting together scrupulous scholarship with lessons drawn from her own experiences as a woman, she explores the array of issues facing Muslim women today, including social status, education, sexuality, and leadership. A major contribution to the debate on women and Islam, Amina Wadud's vision for changing the status of women within Islam is both revolutionary and urgent.

A NEW YORK TIMES BESTSELLER WINNER OF THE 2019 NATIONAL BOOK AWARD FOR NONFICTION A brilliant, haunting and unforgettable memoir from a stunning new talent about the inexorable pull of home and family, set in a shotgun house in New Orleans East. In 1961, Sarah M. Broom's mother Ivory Mae bought a shotgun house in the then-promising neighborhood of New Orleans East and built her world inside of it. It was the height of the Space Race and the neighborhood was home to a major NASA plant—the postwar optimism seemed assured. Widowed, Ivory Mae remarried Sarah's father Simon Broom; their combined family would eventually number twelve children. But after Simon died, six months after Sarah's birth, the Yellow House would become Ivory Mae's thirteenth and most unruly child. A book

of great ambition, Sarah M. Broom's *The Yellow House* tells a hundred years of her family and their relationship to home in a neglected area of one of America's most mythologized cities. This is the story of a mother's struggle against a house's entropy, and that of a prodigal daughter who left home only to reckon with the pull that home exerts, even after the Yellow House was wiped off the map after Hurricane Katrina. *The Yellow House* expands the map of New Orleans to include the stories of its lesser known natives, guided deftly by one of its native daughters, to demonstrate how enduring drives of clan, pride, and familial love resist and defy erasure. Located in the gap between the "Big Easy" of tourist guides and the New Orleans in which Broom was raised, *The Yellow House* is a brilliant memoir of place, class, race, the seeping rot of inequality, and the internalized shame that often follows. It is a transformative, deeply moving story from an unparalleled new voice of startling clarity, authority, and power.
